MOBIVIEW™

Home screen

A compelling lesson is just a touch away.

Mobi View™ provides all of the tools you need to successfully deliver compelling interactive lessons in a user interface designed exclusively for teachers. Mobi View is thoughtfully organized, incredibly convenient, and makes everything one-touch simple.

Annotation

Interactive tools presented just the way you need.

Control our Workspace™ interactive software—annotate, draw a shape, hide content with a curtain, and record and playback a teachable moment. Mobi View™ lets you choose your tools and where you'd like to place them.

Favorites

All of your resources, organized and accessible.

Now you can access everything you need from anywhere in the classroom. With a single touch, the Favorites screen can instantly launch any program, website, file, or lesson from anywhere, right when you need it. You'll never get stuck spending valuable class time searching for that next resource while student's attention fades.

Notes

Your own mobile notepad. Private or public.

Mobi View™ makes it easy to jot down quick notes and keep important information on hand. You can share your notes with your students or keep them just for yourself. You can even write directly on the Mobi View™ touch screen before anyone else sees it. It's like having your own digital notebook in the palm of your hand.

Reports

Immediate feedback for your eyes only.

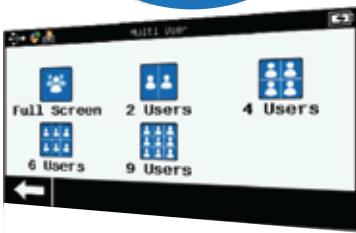

Mobi View™ provides you with real-time assessment feedback right down to the student name. By using CPS™ student response pads with Mobi View™, you have a powerful formative assessment solution that's easy to use. View up to 6 different types of reports, including response per student and session results by student.

Multuser Mode

Instant collaboration only by your creativity.

Turn any lesson into a collaboration or group activity with the touch of a button. With Mobi View, student-centered, active learning has just become a reality. By adding the Mobi Student-Centered Learning Pack, you can have up to 9 students participate in an interactive activity while you retain total control of the action..

Languages	Language support for English, English UK, German, Polish, Portuguese PT, Portuguese BR, Dutch, Italian, Spanish, French

SYSTEM REQUIREMENTS

Windows

- Windows XP Service Pack 3, Vista Service Pack 2, or Windows 7
- Intel dual-core, 2 GHz or higher (or equivalent)
- 2 GB RAM
- 700 MB hard disk space for installation (600 MB for additional Gallery content)
- CD-ROM drive for installation
- Resolution XVGA (1024 x 768) or higher video with minimum 24-bit color
- Video card with support for DirectX 9 or greater
- Speakers & microphone for audio/video files
- Adobe Flash Player 9.0 or higher
- Internet for online content & tutorials

Mac

- Mac OS X 10.4.11, 10.5.8, or 10.6
- PowerPC G4 1.66 GHz or higher
- 32-bit Kernel and Extensions
- 2 GB RAM
- 500 MB hard disk space for installation
- 1024 x 768 or higher resolution video
- One available USB Port
- Java 1.5 or greater
- "libUSB" (USB support)

Linux

- Intel P IV 1.66 GHz or higher (or equivalent)
- 2 GB RAM
- 500 MB hard disk space for installation
- 1024 x 768 or higher resolution video
- One available USB Port
- Linux with 2.6 Kernel or greater
- "libusb-1.0" (USB support)
- "bluez-libs" - libbluetooth1 (Bluetooth support)
